

The following page includes your **punch cards**. Print some copies, cut them apart, and even place them in lanyards for your students to keep.

Here are some ideas on how to use student punch cards:

- Add their name at the top.
- Put it inside a lanyard or on a piece of yarn.
- Ideas for when to punch the card (you decide!):
 - Punch the card for a designated number of pages.
 - Punch the card for each book read.
 - Punch the card for every day the student reads 20 minutes.
- Make copies in case students need more cards.
- Each page has 8 cards that can be punched or colored in for tracking purposes. Print them front-and-back or just one-sided.
- Feel free to come up with your own ideas for prizes for a fully punched card!
