

Parent/Caregiver Information Package

Your child can access the Learning Ally Audiobook Solution[®] at home for free

The Learning Ally Audiobook Solution includes human-read textbooks, literature, popular fiction, and more—all the books your child needs to read for school and the ones they'll want to read for fun!

Audiobooks have been proven to help students reach their academic potential by taking away the stress of reading and allowing them to successfully access grade level materials.

This packet provides you with instructions on how to log into and use the Learning Ally Audiobook Solution.

If you need support, please contact Learning Ally at CustomerCare@LearningAlly.org or **800-221-4792**.

THE LEARNING ALLY AUDIOBOOK SOLUTION®

Guide to Getting Started with the Learning Ally Audiobooks App

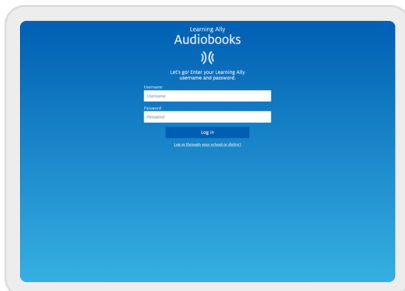

Welcome to the Learning Ally Audiobooks app!
Follow these simple steps to begin your learning experience.

Installing Learning Ally Audiobooks

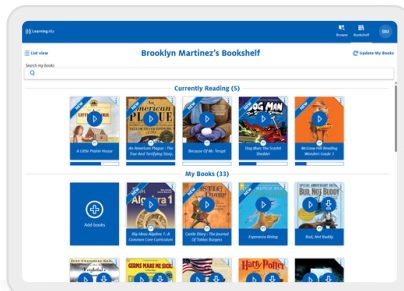

Install Learning Ally Audiobooks from your device's app store or from [LearningAlly.org/app](https://learningally.org/app).

You can also use our [web app](#) - no installation required. Are you installing Learning Ally Audiobooks in a school environment? Check out our [IT Guide and System Requirements](#).

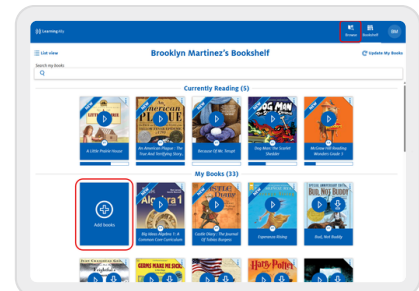

Using Learning Ally Audiobooks

1. Log in with your Learning Ally username and password. If you log in with single sign-on (SSO) credentials, select Sign on Through Your School or District or access the audiobook app through your single sign-on provider portal.

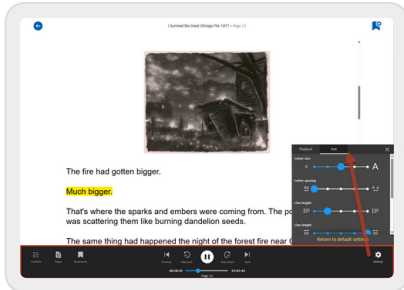

2. The bookshelf displays all of your audiobooks. Here you can view playback progress, downloaded books, view audiobook formats and add new books.

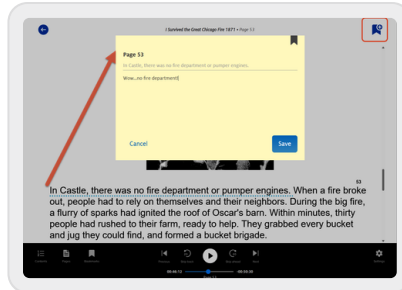

3. Select Add books or Browse to search for or discover new books. If your teacher assigned you a book, select Update My Books to see your new book assignments.

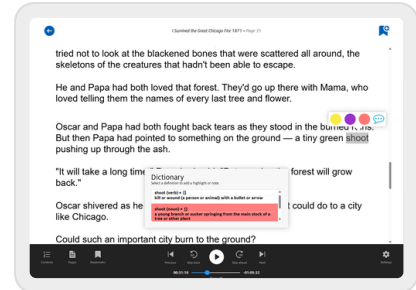

THE LEARNING ALLY AUDIOBOOK SOLUTION®

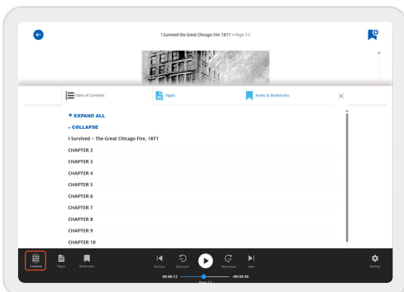

4. Use the navigation bar to play/pause, move between levels, rewind, fast forward, and customize playback and text settings.

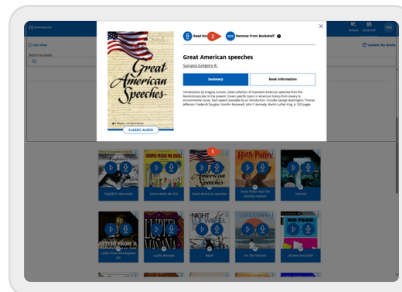

5. Add bookmarks and notes using the Add Bookmark & Notes icon.

6. Use the in-app dictionary: Press and hold a word (mobile) or double click a word (computer). Highlight and take notes.

7. Navigate through the table of contents, jump to a page, access saved notes, bookmarks and vocabulary and customize your reading experience.

8. To delete a downloaded book or remove a book from your bookshelf, select the "i" on the book cover. To delete more than one downloaded book, select Delete My Books in your Profile and then select  next to the books that you want to delete and click Done.
