

Getting Started with the **LEARNING ALLY AUDIOBOOK SOLUTION**

Your child can access the Learning Ally Audiobook Solution library of human-read audiobooks anytime, anywhere with our free reading app, and take the stress out of reading!

1

GET THE APP

The Learning Ally AudiobooksApp is available on most platforms. Visit LearningAlly.org/app, search your App Store for Learning Ally, or use our web app at read.learningally.org - no installation required. Once you have the app, use the log in instructions that you were given or their teacher provided.

2

CHOOSE AN AUDIOBOOK

Help your child choose a book. Select **Add Books** to begin browsing. Once you have selected a book, tap **Read Now** to immediately download the book or **Read Later** to add the book to your child's bookshelf.

Did you know that children are 6X more likely to read if they choose their own books?

3

DOWNLOAD THE AUDIOBOOK

Once you see the book on your child's bookshelf, tap the **Download** button to save it to your device. If you don't see it right away, click the **Menu** button in the top right corner, and select **Update My Books**. You only need wifi to search and download books, reading can be done offline!

Encourage your child to read each day for 1 minute for each year of their age (a 10 year old would read for 10 minutes) and work up slowly!

Your child is ready to read a
Learning Ally audiobook!
